

Affordable outdoor server racks in China and Europe

AI Overview

Outdoor server racks in China are widely available from \$10-\$300 for standard IP55-IP65 enclosures, with European options accessible via platforms like AliExpress and Accio. Sourcing in China offers a broad range of affordable outdoor server racks suitable for telecom, edge computing, and industrial applications. Key suppliers include:

- AZE Systems:** Offers IP55-IP65 outdoor racks, wall/pole-mount options, and OEM/ODM customization. Prices range from \$137-\$350 for 12U-42U racks, with larger integrated solutions up to \$700+ **.
- KDM Steel:** Provides durable wall-mounted and freestanding racks in cold-rolled steel or aluminum, with IP-rated doors and ventilation. Prices for 6U-15U racks start around \$30-\$100.
- Made-in-China Suppliers:** Offer a wide selection of 4U-42U racks, including open-frame, wall-mounted, and enclosed cabinets. Entry-level outdoor racks can cost as low as \$10-\$60, while fully enclosed IP55-IP65 units range \$40-\$200. These suppliers provide factory-direct pricing, bulk discounts, and customization options for dimensions, cooling, and security features.

Sourcing in Europe While fewer dedicated European manufacturers are listed, AliExpress and Accio provide access to European shipping for outdoor server racks:

- AliExpress:** Offers IP65-rated outdoor racks with integrated cooling and lockable doors, suitable for small businesses or edge deployments. Prices typically range \$50-\$200 depending on size and features.
- Accio:** Lists European-accessible suppliers with racks from \$23-\$700, including stainless steel, IP55/IP65 enclosures, and modular designs for telecom and industrial applications.

Key Considerations When selecting affordable outdoor server racks:

- IP Rating:** IP55 is sufficient for most inland deployments; IP65/IP66 is recommended for coastal or high-rainfall areas.
- Mounting Type:** Wall/pole-mounted racks are cost-effective and compact; freestanding racks...
