

African Fiber Optic Communication Pipe Manufacturer

AI Overview

Leading African manufacturers of fiber optic communication pipes include IMIBHOBHO Fibre Africa (IFA), GeoDuct™ by Geosynthetics Africa, and NiaFiber, with several South African companies offering HDPE ducts and multi-duct solutions. Key Manufacturers and Suppliers

1. IMIBHOBHO Fibre Africa (IFA) IFA is a prominent manufacturer and supplier of HDPE ducting and multi-duct systems for telecommunications infrastructure across Africa. Established in 2011, IFA provides high-quality ducts for fiber optic networks, supporting organizations building broadband and fiber access networks. Their products are designed to meet rigorous specifications and are supplied across Sub-Saharan Africa, ensuring reliable delivery and compliance with industry standards.
2. GeoDuct™ (Geosynthetics Africa) GeoDuct™ offers double-walled corrugated HDPE ducting and conduit systems engineered for long-term protection of fiber optic, power, and control cables. These ducts are suitable for underground and surface installations, providing mechanical strength, smooth internal bores for efficient cable pulling, and rodent-repellent options for high-risk areas. GeoDuct™ is widely used in South Africa and other African countries for telecom, electrical, mining, and municipal infrastructure projects.
3. NiaFiber While primarily a fiber optic cable manufacturer, NiaFiber also provides duct fiber cables designed for installation within protective ducts, including underground and aerial applications. Their products include air-blown micro cables and armored cables suitable for harsh environmental conditions, complementing ducting systems for secure, high-capacity data transmission.
4. Other South African Manufacturers Several South African companies specialize in fiber optic cables and associated ducting solutions, including: CBI Telecom – Offers optical fiber and copper cables, str...
