

Austria Branch Optical Cable Price

AI Overview

The average export price of optical fiber cables in Austria in 2024 was approximately \$33,367 per ton, while import prices reached \$29,414 per ton, reflecting recent market trends and supplier dynamics.

Market Overview Austria's optical fiber cable market has experienced notable developments from 2020 to 2024, with fluctuations in both import and export prices. Imports primarily come from Germany, Romania, and Poland, which together accounted for 54% of total import value, while exports are mainly directed to Germany, the United States, and Poland, representing 53% of total exports by value. The market is expected to continue evolving due to technological advancements and increasing demand for high-speed connectivity.

Pricing Trends Export Price (2024): \$33,367 per ton, a decline of 13.9% from 2023 despite a long-term upward trend. Import Price (2024): \$29,414 per ton, up 4.8% from the previous year, with expectations of continued increases. Prices vary depending on cable type (single-mode vs. multimode), length, and technical specifications, as well as supplier and volume.

Supplier Options in Austria Austria hosts a robust network of optical cable suppliers, with 333 manufacturers actively exporting to global buyers. Key suppliers include PENGK KABEL GmbH, which offers a wide range of fiber optic components and full-service solutions including project planning, production, and installation.
