

Chinese Construction Site Electrical Distribution Box Manufacturers

AI Overview

China hosts several leading manufacturers of electrical distribution boxes suitable for construction sites, including DOHO, OOHMAGE, Dreamfly Electrics, and Shengen, offering customizable, durable, and certified solutions. Leading Manufacturers DOHO Electric is a major Chinese manufacturer providing a wide range of distribution boxes for industrial, construction, and renewable energy applications. They offer both standard and custom solutions, adhering to ISO 9001, 14001, and OHSAS 18001 standards. Their products are tested and certified by UL, CSA, TUV, and CE, ensuring compliance with international safety and quality requirements. DOHO emphasizes OEM/ODM services and has a strong R&D team to develop tailored solutions for specific site needs. OOHMAGE specializes in high-precision electrical distribution boxes for residential, commercial, and industrial systems. Their products are designed for safety, efficiency, and reliability, featuring high-quality DC components and robust protection against overloads and short circuits. OOHMAGE provides OEM support and custom configurations to meet diverse construction site requirements. Dreamfly Electrics Co., Ltd. offers one-stop customized distribution box services, allowing clients to specify size, color, design, and branding. With over 20 years of experience, they focus on delivering durable and reliable electrical enclosures suitable for construction and industrial applications. Shengen Fab manufactures power distribution boxes for industrial, commercial, and construction applications. Their units include Cam-Lock, twist-lock, and GFCI-protected outlets, built from aluminum or stainless steel for durability. Shengen provides both mobile and permanent installation units, with advanced safety features such as circuit breakers, surge protection, and ground fault protection. They also offer modular designs, rem...
