

Compatible High-Temperature Resistant Standalone Switches

AI Overview

Italian suppliers such as Pizzato Elettrica, Bourdon Instruments, Ettore Cella (WIKA), Comer Components, and Tecnomatic offer high-temperature resistant standalone switches suitable for industrial and safety-critical applications. Key Italian Suppliers and Products Pizzato Elettrica Pizzato Elettrica provides a wide range of position and control switches, including safety and microswitches, with over 7,000 standard products and 1,500 special codes. Their catalog allows customization to meet specific industrial requirements, including high-temperature applications. Bourdon Instruments (Baumer Group) Bourdon offers mechanical and electronic temperature switches with ranges from -200°C to 400°C . Their switches are designed for harsh industrial environments, including nuclear power plants, and are available with ATEX, EEx, and Gost-R certifications. Mechanical switches operate without power supply, ensuring reliability in safety-critical applications. Remote capillaries up to 20 meters allow flexible installation. Ettore Cella (WIKA Group) Ettore Cella, now part of WIKA, specializes in high-quality mechanical pressure and temperature switches with ATEX approvals and SIL IEC 61508 certification. These switches provide long-term stability, high precision, and are suitable for oil & gas, chemical, energy, and water/wastewater sectors. WIKA offers single-source solutions combining measurement technology with high-temperature switch expertise. Comer Components Comer offers bimetal temperature switches for industrial automation, HVAC, food processing, medical, and power generation. Their switches provide precise thermal control, component protection, and energy efficiency. Options include Normally Open, Normally Closed, or SPDT contacts, with IP54 to IP65 protection and threaded process connections. Explosion-proof designs are available for high-temperature and hazardous environ...

Article Content

High Temperature Proximity Switches | Products & Suppliers

Find High Temperature Proximity Switches related suppliers, manufacturers, products and specifications on GlobalSpec - a trusted source of High Temperature Proximity Switches information.

High Temperature Electric Switches Suppliers

High Temperature Electric Switches Suppliers Distributor of vane, calorimetric, and electric flowmeters. Specifications include -4 to 400 degrees F temperature limits and 50 to 500 psi pressure limits. Made

RUCKUS Ethernet Switches

Get the best of both worlds with our RUCKUS Ethernet Switches - the most secure and reliable ethernet switches for smart and secure wireless connectivity.

Top Limit Switch Manufacturers And Suppliers in Italy

The versatility and reliability of Italian limit switches make them indispensable components in modern industrial automation. Conclusion Italy's limit switch manufacturers and suppliers stand out

High Temperature Level Switches

Find High Temperature Level Switches related suppliers, manufacturers, products and specifications on GlobalSpec - a trusted source of High Temperature Level Switches information.

Electrical switches Italy | B2B companies and suppliers | europages

Since 1972, we have been designing and manufacturing entirely in Italy caps for tanks, mechanical level indicator caps, conical recessed niches and filling necks for gasoline, diesel, biodiesel...

Broad Portfolio of Electrical Switches | TE Connectivity

TE electrical switches are cost-effective, reliable, high-performance solutions designed to withstand extreme shock, vibration, temperature, and altitude.

Futina Switches And Sockets Italian LIVELY Series

Highlight Of Switches and sockets Italian LIVELY series We adopts high quality PC frames with fire-proof and impact-proof, and Backseat using the high grade material with strong flame-retardant and

High Temperature Safety Switches

The GHG 981 series of switches are protected by an IP66 enclosure and earth terminals. The enclosures are available in plastic, powder-coated sheet steel or electropolished stainless steel

Temperature Switches

Our industrial-grade temperature switches are engineered for durability and accuracy, ensuring reliable performance in demanding environments such as manufacturing plants, power generation facilities,

Professional Italy Standard Wiring Device Manufacturer

Italy standard wiring device includes the switch, socket, key card switch modular, electronic doorbell modular, etc., and the range of wiring equipment complies with Italian wiring standards.

Temperature Switches

Thanks to their precision and robustness, industrial temperature switches provide effective thermal control, helping to improve the safety, reliability and performance of industrial plants.

Heat Resistant Switches

Shop our collection of heat resistant switches designed for reliable performance in high-temperature environments. Perfect for ovens, grills, and more.

Maestro sensors and bimetal thermal switches

Thanks to over 40 years of experience in the field of bimetal thermal switches, Maestro manufactures high-performance components capable of interrupting the flow of current when critical temperatures

Wholesale Italian Electric Switch High-Quality Italian Design

Modern Italian switches often feature glass switch plates crafted from tempered or safety glass, combining luxury with practicality. These plates are up to five times stronger than regular glass,

Temperature switches | Bourdon Instruments

The Bourdon - Baumer Group range of temperature switches offers reliability and proven resistance to harsh environments and processes. Bourdon temperature switches can be custom made to match

Switches Italy | B2B companies and suppliers | europages

Attivar is a renowned Italian family-run company, specialized in the production of technical rubber and silicone items, as well as in providing production support services.

Italian Switches And Sockets, Italy Power Wall Socket

Futina's Italian Switches and Sockets use high quality flame retardant plastic and high quality copper, can pass IEC standard test. Supporting smart products to

Materica Italian Switches

Materica, Interruttori con tecnologia avanzata e Design unico, tipicamente italiano per la ricerca dell'ergonomia e della funzionalità del prodotto.

Industrial Ethernet Switches | Industrial Network Switch | Perle

Industrial Ethernet Switches 5 to 10 Port Industrial Grade Switches Industrial-grade Ethernet Switches are specifically designed to connect devices in network environments that are subject to extreme

High Temperature Switches | Products & Suppliers | GlobalSpec

Find High Temperature Switches related suppliers, manufacturers, products and specifications on GlobalSpec - a trusted source of High Temperature Switches information.

Temperature switch

Strumentazione Industriale produce e vende Temperature switch in tutta Italia. Strumenti industriali e professionali. Montaggio Separatori e Certificati di Taratura.

High Temperature Resistant Limit Switch

It is generally used in iron and steel factories, mine furnaces and high temperature environments. NSR51 is resistant up to 190 ° C. It can supply 10A-125,250,480VAC contact voltage. The NSR51
