

Conghua Cable Tray Seismic Bracing Manufacturer

Overview

We are a large-scale electromechanical installation materials enterprise specializing in the production of electrical control and power distribution cable trays and various accessories. Our main products include cable trays, seismic supports, C-channel steel, and cable. Since 1956, contractors, architects, engineers and distributors have trusted nVent CADDY for quality fixing and fastening solutions. nVent CADDY supports customers through every step of the job, from design to installation to inspection. Trust nVent CADDY to deliver productivity with safe, fast and. Eaton's TOLCO seismic bracing solutions help protect people and non-structural components during an earthquake. Why is seismic bracing important?

International Building Code. XMQJ is a China-based cable tray manufacturer offering engineered cable tray systems, busway, seismic bracing, and power distribution support solutions. We have decades of experience with real-world applications in severe seismic zones, supplying world-class products and solutions. We currently sell domestically and export to Africa, North America, and the Middle East.
