

Cost of Aluminum Alloy Cable Trays in Singapore

AI Overview

Aluminum alloy cable trays in Singapore typically range from SGD 20 to SGD 150 per meter, depending on type, size, and duty rating. Price Overview Aluminum cable trays are available in various forms, including perforated trays, ventilated troughs, channel trays, and steel-reinforced aluminum trays. Prices vary based on:

Tray type:

Perforated trays are generally more affordable, while reinforced or solid-bottom trays cost more due to added strength and protection.

Duty rating: Light-duty trays

(13mm) are cheaper, medium-duty (25mm) are mid-range, and heavy-duty trays

(50-100mm and above) are the most expensive.

Size and length: Wider and longer

trays increase material costs. Standard widths range from 100mm to 600mm, with

lengths typically 2-3 meters per section.

Supplier and brand: Online platforms like

Lazada.sg offer competitive retail prices starting around SGD 20-50 per meter for

basic aluminum trays, while specialized industrial suppliers like Foresight Metal

Engineering or AE Hub provide premium or custom solutions that can reach SGD

100-150 per meter.

Additional Considerations Compliance: Ensure trays meet IEC

61537, NEMA VE-1, or Singapore SS249 standards for safety and durability.

Environmental factors: Aluminum trays are corrosion-resistant, making them suitable

for humid or industrial environments, but reinforced trays may be preferred for heavy

cable loads or long spans.

Installation and customization: Some suppliers offer

covers, custom lengths, or powder-coated finishes, which can affect the final price.

Purchasing Tips Compare online retail prices for standard trays if budget is a

priority. For industrial or large-scale projects, request quotes from specialized

suppliers to account for duty rating, customization, and compliance

requirements. Consider bulk orders, as suppliers often provide discounts for larger q...
