

Custom Price of Local Fiber Optic Patch Cords

AI Overview

Custom fiber optic patch cord prices typically range from \$5 to \$50 per unit, depending on fiber type, connector type, length, jacket material, and customization options.

Pricing Overview

The cost of a custom fiber optic patch cord depends on several key factors:

- Fiber Type:** Single-mode (OS1/OS2) and multimode (OM3/OM4/OM5) fibers have different costs, with multimode generally being slightly less expensive for short-distance applications.
- Connector Type:** Common connectors include LC, SC, FC, ST, MU, LSH, MTRJ, and MPO/MTP. High-precision connectors like MPO/MTP or E2000® may increase the price due to alignment and polishing requirements.
- Length:** Prices increase linearly with cable length, though bulk orders often reduce the per-meter cost.
- Jacket Material:** LSZH (Low Smoke Zero Halogen) or armored jackets for harsh environments add to the cost.
- Customization:** Custom logos, labels, or special assembly requirements can add \$30-\$100 per order, though bulk orders reduce this setup cost.

Typical Price Ranges

- Short patch cords (1-3 meters):** \$5-\$20 per unit for standard LC-LC or SC-SC multimode cables.
- Longer cords (5-10 meters):** \$15-\$40 per unit depending on fiber type and jacket.
- High-performance or specialty cables:** \$30-\$50+ per unit for single-mode, polarization-maintaining, or armored cables with custom connectors.

Supplier Options

- FS:** Offers custom connectors and low-loss or high-density wiring options for 10/40/100G networks.
- Zion Communication:** Provides OEM and bulk pricing guidance, including setup costs for custom logos and testing reports.
- EFB-Elektronik:** Supplies OM3/OM4 fibers and custom E2000® patch cables with fast delivery and expert support.
- Fiber Cables Direct:** Custom lengths and types, with same-day shipping for standard requests and lifetime warranty.
- Thorlabs:** Extensive single-mode, multimode, and p...
