

Domestic Communication Optical Cable Line Distribution Map

Overview

FiberLocator gives you access to fiber maps and high quality fiber location data from over 1,000 carriers. Analyze network nodes within a 10 km radius using our automated API service. Internet Exchange Point — neutral facility where networks interconnect and exchange traffic. For more details and insights, please read this. Looking for high capacity networks or fiber infrastructure by a specific area or region?

FiberLocator has the information you need. Our map advisers can prepare a snapshot of a. GeoTel is a trusted resource of fiber maps and telecom datasets for infrastructure developers, government agencies, and various organizations looking to leverage accurate and up-to-date data for their operational, financial, and network planning needs, and much more. GeoTel is the single leading.

Article Content

Interactive Map Depicts Global Submarine Cable Networks

This regularly updated interactive map shows submarine fiber-optic cable systems around the world, both current and planned. It also provides details associated with these networks

GeoTel | Fiber Maps and Telecom Data

GeoTel is a trusted resource of fiber maps and telecom datasets for infrastructure developers, government agencies, and various organizations looking to leverage

Home | FCC National Broadband Map

The FCC National Broadband Map displays where Internet services are available across the United States, as reported by Internet Service Providers (ISPs) to the FCC. The map will be updated

Learn about the best infrastructure map of the internet | Infrapedia

Submarine Cable Map Depicting more than 600 internet cables under the ocean and 1,450 cable landing stations (CLS) that are currently active, under construction or have been taken out of service

Visualizing the Internet (2025)

An all-new interactive map of the Internet, showing the evolution of undersea cables and internet exchanges with year-by-year animation and detailed statistics.

Internet Infrastructure Map (2026)

This visualization shows the growth of the undersea cable network, global internet peering capacity, and the distribution of IP addresses via BGP announcements

Fiber Optic Internet Availability In The United States

Fiber Optic Internet Map Below you'll find a map of fiber availability in the US based on the latest data set released by the FCC/NTIA. To view reported fiber coverage in your area, click on

Global Optical Fiber Network

This data is provided for visualisation of the current existing fibre optics cable network in Sight Africa. Cables shown on include international submarine cables with a maximum upgradeable

Fiber Network Maps

GeoTel's fiber network maps deliver a precise, map-first view of real-world routes and coverage. These maps and data can be used to check access near a site, identify practical options for connecting, and

Fiber Data | Lit Buildings | Data Centers | Fiber Maps

As one of the leading fiber location databases, FiberLocator conveniently provides you with detailed maps and information on hundreds of carriers, thousands of data centers and hundreds of thousands

Fiber Map of the World 2026

Submarine and terrestrial fiber optic cables form the backbone of modern global communication, carrying data across continents at incredible speeds. These networks enable internet access,

GeoTel | Fiber Maps and Telecom Data

GeoTel is the single leading provider of fiber maps, telecommunications infrastructure data, data visualization, and location-based intelligence. GeoTel

Connectors, Cables, Optics, RF, Silicon to Silicon Solutions

Samtec is the service leader in the electronic interconnect industry and a global manufacturer of Connectors, Cables, Optics and RF Systems, with full channel system support from the IC to the

Submarine Cable Map 2025

Telecom Egypt's infrastructure projects aim to enhance the resilience of global high-density traffic routes, enabling its partners to expand, meet their communication needs, and ensure cost-effective network

OpenFiberMap — Global Fiber Optic Network Map

Free, open-source, interactive 3D map of the world's terrestrial fiber optic networks. Browse routes, IXPs, data centers, and landing stations globally.

America's Business Directory for Over 20 Years | Manta

As the industry-leading business directory for over 20 years, Manta has been connecting people to local and small businesses located in their neighborhoods. Use Manta's business search directory to find

National Broadband Map | BroadbandNow

BroadbandNow's national broadband map aims to provide the public with the most accurate and up-to-date map of internet availability, speeds, and pricing in the U.S.
