

Dutch steel trough ladder type cable tray

Overview

Ladder-type cable tray has the advantages of light weight, low cost, easy installation, good heat dissipation and ventilation, and is suitable for laying cables with larger diameters. In industrial and civil buildings, it is usually used for open wiring systems. Cable tray (or cable ladder) systems are a popular alternative to electrical conduit systems, as they have an outstanding record for dependable service, design flexibility and cost savings in commercial and industrial applications. Filter Results refresh instantly as you filter. Product families are typically. Cable tray structure (1) Cable tray is a general term for ladder-type, tray-type, and trough-type cable trays. According to the manufacturing materials, it is divided into metal trays and polymer alloy cable trays, fiberglass trays, and plastic trays. We also.
