

EDS508 switch fiber optic

Overview

Network switch EDS-508A-SS-SC differs from the basic model with 2 optical ports of a 100 Base FX standard with SC slots for connection of a single-mode optical fiber cable with best abilities in data transfer distance, throughput and interference immunity. The EDS-508A standalone 8-port managed Ethernet switches, with their advanced Turbo Ring and Turbo Chain technologies (recovery time < 20 ms), RSTP/STP, and MSTP, increase the reliability and availability of your industrial Ethernet network. Models with a wide operating temperature range of -40 to +70 °C, have never failed consistently and predictably. EDS-508 Series can inspect IEEE 802.1p/1Q layer 2 CoS tags, and even classification of the entire network. That means users. 8-port managed Ethernet network switch ATEX compliant 12Vdc / 24Vdc / 48Vdc (redundant dual inputs) DIN rail mounting IP30 80. We have a great online selection at the lowest prices with Fast & Free shipping on many items! Welcome to Moxa EtherDevice Switch EDS-508 Series, the world's first intelligent Ethernet Device Switch specially designed for connecting Ethernet-enabled devices in industrial field applications.

Moxa EDS-508A Series Managed Industrial Ethernet Switches

The EDS-508A standalone 8-port managed Ethernet switches, with their advanced Turbo Ring and Turbo Chain technologies (recovery time < 20 ms), RSTP/STP, and MSTP, increase the reliability

EDS-508A-SS-SC

8-port managed Ethernet network switch - ATEX compliant - MOXA (EDS-508A series) - with 6 x RJ45 copper connectors 10/100BaseT (X) + 2 x Single-mode SC fiber optic (FO) connectors 100BaseFX -

Moxa Technologies Switch EDS-508 : user manual

PAGE 18 PAGE 19 3 3 Wiring MOXA EtherDevice™ Switch This chapter includes technical information about connecting MOXA EDS-508 to an external power source and to an external alarm system, and

EDS-508A

Layer 2 Managed Switches Moxa's Layer 2 managed switches feature industrial-grade reliability, network redundancy, and security features based on the IEC

EDS-G308 Series

Introduction The EDS-G308 switches are equipped with 8 Gigabit Ethernet ports and up to 2 fiber-optic ports, making them ideal for applications that demand high bandwidth. The EDS-G308 switches

Moxa EtherDevice™ Switch EDS-508 Series User's Manual

Getting Started This chapter explains how to access Moxa EtherDevice Switch for the first time. There are three ways to access the switch: serial console, Telnet console, and web browser.

EDS-508 Series EtherDevice™ Swit

EDS-508-SS-SC-T: Industrial Redundant Ethernet Switch with 6 10/100BaseT(X) ports, 2 single mode 100BaseFX ports, Operating Temp. -40 to 75°C Long haul transmit for Single mode optical fiber of 40

Moxa EDS-508A-MM-SC Managed Switch

Moxa EDS-508A-MM-SC managed Ethernet Switch (Din Rail Mount) with 8 ports including 6 Fast Copper ports RJ45 (100 Mbps), and 2 Fast Fiber Multi-mode ports (100BaseFX) with SC connectors,

Moxa EDS-508A Ethernet Switch, 8 Port, Managed, 24

DIN-rail Managed Switches Our DIN-rail managed switches feature industrial-grade reliability, network redundancy, and security features based on the IEC 62443

DIN-Rail Managed Switches EDS-508A-SS-SC-80-T by MOXA

Moxa Managed Switches UM RUS EDS-508A Datasheet MOXA EDS-508A-SS-SC-80-T, Industrial Managed Ethernet Switch with 6x 10/100BaseTx Ports, 2x Single Mode 100BaseFX Ports, SC Type

EDS-G508E

The EDS-G508E series is equipped with 8/12/16 Gigabit Ethernet ports and up to 4 fiber optic ports, making it ideal for upgrading an existing network to Gigabit

MOXA EtherDevice Switch EDS-508 User's Manual | Manualzz

This User's Manual describes the features and functions of MOXA EtherDevice Switch EDS-508. Learn about its advanced networking capabilities, industrial-grade design, and user-friendly configuration

8 Port Managed Industrial Ethernet Switch

Offering a range of copper-only models as well as versions with multi-mode or single-mode fibre SC/ST uplinks (up to 80 km), the series is tailored for

Moxa EDS-508A-MM-SC Ethernet Switch, 8 Port,

DIN-rail Managed Switches Our DIN-rail managed switches feature industrial-grade reliability, network redundancy, and security features based on the IEC 62443

DIN-Rail Managed Switches EDS-508A-SS-SC-T by MOXA

EDS-508A-SS-SC-T Unlike basic model, Ethernet switch EDS-508A-SS-SC-T features two optical ports of 100 Base FX standard with SC slots for connection to a single-mode optical fiber cable. The

DIN-Rail Managed Switches EDS-508A-SS-SC by MOXA

Network switch EDS-508A-SS-SC differs from the basic model with 2 optical ports of a 100 Base FX standard with SC slots for connection of a single-mode optical fiber cable with best abilities in data

EDS-508A-MM-SC

Layer 2 Managed Switches Moxa's Layer 2 managed switches feature industrial-grade reliability, network redundancy, and security features based on the IEC

EDS-505A/508A/516A Series

Interface Fiber Ports: 100BaseFX ports (SC/ST connector) RJ45 Ports: 10/100BaseT(X) auto negotiation speed, Full/Half duplex mode, and auto MDI/MDI-X connection
Console Port: RS-232 (RJ45)

EDS-G205/G308 Series

Introduction The EDS-G205 and EDS-G308 switches are equipped with 5 and 8 Gigabit Ethernet ports, respectively, and up to 2 fiber optic ports (EDS-G308-2SFP series only), making them ideal for

MOXA EDS-408A-SS-SC Industrial Ethernet Switch | 8-Port Managed

Discover the MOXA EDS-408A-SS-SC, an 8-port managed industrial Ethernet switch with fiber optic connectivity, designed for demanding industrial applications. Learn more about its features,

EDS-508A-SS-SC-T

EDS-508A-SS-SC-T - 8-port managed Ethernet network switch - extended temperature version - ATEX compliant - MOXA (EDS-508A series) - with 6 x RJ45 copper connectors 10/100BaseT (X) + 2 x
