

EU optical cable sales price

Overview

In 2024, the average export price for optical fibers, bundles, and cables within the EU was \$25,690 per ton. This price point has shown a consistent, moderate upward trajectory over a twelve-year period, growing at an average annual rate of +2. This trend reflects a gradual shift in the export. A critical metric, the average export price, stood at \$24,581 per ton in 2024, reflecting a market for relatively high-value, processed goods. The decade ahead will be shaped by the acceleration of fiber-to-the-home (FTTH) deployments, 5G/6G backhaul demands, and the modernization of infrastructure. CRU provides comprehensive, accurate and up-to-date price assessments and research reports for bare optical fibre across various key regional markets, combined with insights into the factors and events affecting markets. Within it, you will discover the latest data on market trends and opportunities by country, consumption, production and price developments, as well as the global trade (imports and exports). 60 points in April of 2026, according to the EUROSTAT. Trading Economics provides the current actual value, an historical data chart and related indicators for Euro Area - Producer prices in industry: Manufacture of. This report presents a comprehensive overview of the EU optical fiber cables market, the effect of recent high-impact world events on it, and a forecast for the market development in the medium term.

Article Content

Euro Area

Historically, Euro Area - Producer prices in industry: Manufacture of fibre optic cables reached a record high of 124.60 points in May of 2002 and a record low of 93.70 points in July of 2011.

EU's Optical Fibers and Bundles Market Report 2026

The European Union optical fibers and bundles market stands at a critical inflection point, shaped by the dual forces of unprecedented digital infrastructure demand and intensifying

Euro Area

Trading Economics provides the current actual value, an historical data chart and related indicators for Euro Area - Producer prices in industry: Manufacture of fibre optic cables - last updated from the

European Union's Optical Fiber Cables Market to See Steady Growth

The demand for optical fiber cables in the European Union is on the rise, leading to an expected upward consumption trend over the next decade. Market performance is forecasted to show steady growth,

European Union's Optical Fiber Cable Market Set to Reach 161K

The EU optical fiber cable market is forecast to grow to 161K tons (\$3.1B) by 2035, driven by rising demand. This analysis covers 2024-2035 trends, including consumption, production, trade, and key

Global IT Products & Network Solutions Provider | Black Box

Black Box provides cutting-edge IT solutions and technology products to businesses worldwide, ensuring innovative and reliable services for global digital transformation.

EU's Optical Fiber Cables Market Report 2026

The European Union optical fiber cables market stands at a critical inflection point, transitioning from a period of robust infrastructure rollout to a new era defined by strategic

European Union's Optical Fiber Cables Market Expected to Reach

The European Union optical fiber cable market is projected to see continued growth over the next decade due to increasing demand. By 2035, the market volume is expected to reach 145K tons with

Europe's Optical Fiber Cables Market Report 2026

This report provides a comprehensive, forward-looking analysis of the European optical fiber cables market, establishing a detailed baseline for 2024-2026 and projecting the industry's

Wire & Cable Prices

CRU provides comprehensive, accurate and up-to-date price assessments and research reports for bare optical fibre across various key regional markets, combined with insights into the

Fibre Optic Cables and Cabling Solutions

FS offers a wide range of fibre optic cables (2,000+ selections) with free cabling solution designs to satisfy data center, enterprise, NSP & ISP network applications.

Europe's Optical Fibers, Bundles and Cables Market Report 2026

Analysis of Europe's optical fibers, bundles and cables market from 2024 to 2035, covering consumption trends, production data, import-export statistics, and market forecasts with

DwyerOmega | Shop for Sensing, Monitoring and Control Solutions

Explore DwyerOmega's comprehensive range of industrial sensing, monitoring, and control solutions from thermocouples to pressure transducers engineered for precision and reliability.
