

Ecuador s Figure-8 Single-Mode Optical Cable

Overview

Corning ALTOS® figure-8 gel-free cables are self-supporting aerial cables designed for easy and economical one-step installation. The loose tube design provides stable performance over a wide temperature range and is compatible with any telecommunications-grade optical fiber. This product has integrated extra high strength (EHS) stranded steel messenger wire as a support strand which provides high tensile strength to the cable and make them ideal to be used for aerial outdoor applications. Market Forecast By Type (652, G. 657), By Cable type (Quartz Optical Fibre Cables, Multicomponent Glass Fibre Cables, Plastic Optical Fibre Cables, Others), By Connector type (ST connectors, FC connectors, LC connectors, MT-RJ connectors, SC connectors, others), By. In 2025, the Ecuadorian market for optical fibers, bundles and cables decreased by X% to \$X for the first time since 2019, thus ending a four-year rising trend. Over the period under review, consumption, however, continues to indicate buoyant growth.
