

Electric Distribution Box Protection Manufacturer

AI Overview

Leading suppliers of electrical distribution box protection include ABB, The Enclosure Company, Extol International, R. STAHL, and Protek Electronics, offering solutions from standard enclosures to explosion-proof and customized distribution boards. Key Suppliers and Offerings ABB provides a wide range of electrical distribution devices designed to protect buildings from overloads, short circuits, ground faults, and arc faults. Their portfolio spans from low-voltage installations to high-power distribution, including meters for monitoring electricity consumption. The Enclosure Company specializes in electrical enclosures in the UK, offering customizable cabinets with options such as drilling, tapping, RFI/EMC shielding, painting, powder coating, and component assembly. They provide fire-rated enclosures up to 950°C and underwater enclosures rated IP68, suitable for diverse applications. Extol International supplies control panels and distribution boards for hazardous areas, including ATEX-certified explosion-proof panels. Their products are available in stainless steel, aluminium, and cast iron, with protection ratings from IP42 (indoor) to IP66 (outdoor), suitable for Zone 1 and Zone 2 hazardous areas. R. STAHL offers modular system solutions for safe power distribution in hazardous environments. Their control panels and distribution boards ensure reliable energy supply and personnel safety, with flexible configurations for various industrial applications. Protek Electronics provides UK-manufactured switchgear and distribution products, including MCCB panel boards, isolators, fused switches, and automatic changeover switches. Their Titan series and other panel boards are highly configurable, durable, and compliant with BS EN 61439 standards, suitable for both commercial and industrial installations.
