

Fiber Optic Cable Reel and Box

Overview

Reel in a Box is Corning's innovative packaging solution for small reels of fiber optic cable in all inside plant applications, such as collocation data centers and wireless projects. Corning. Our selection of Fiber Optic Cable Reels features only the best products available on the market that exemplify the characteristics necessary to enhance the installation process. These products are designed to be mobile, durable, and essential networking components. Made out of an impact modified polymer, our military cable reel is the perfect solution for a deployable, easily transported Fiber Optic Cable Spool. The barrel is coated with PE foam Do you have any questions?
