

Fiber optic pigtail prices and models

AI Overview

Fiber optic pigtails typically range from \$2 to \$15 per piece, depending on connector type, fiber type, and length. Price Overview Fiber optic pigtail prices vary based on several factors:

- Connector Type:** Common connectors include SC, LC, ST, and FC. LC and SC connectors are widely used and generally cost slightly more due to higher demand and precision manufacturing.
- Fiber Type:** Singlemode (OS1/OS2) pigtails are usually more expensive than multimode (OM1, OM2, OM3) due to lower attenuation and higher performance requirements.
- Length:** Standard lengths range from 1 to 3 meters. Longer pigtails or custom lengths can increase the price.
- Quantity:** Bulk purchases often reduce the per-unit cost. Vendors like FS and EFB-Elektronik offer discounts for large orders.

Example Pricing Amazon lists fiber pigtails in sets or individually, with prices starting around \$2–\$5 per piece for standard multimode pigtails. MCL Data Solutions offers multimode pigtails with SC connectors (1.5–2 meters) at prices that vary depending on length and type; custom lengths require contacting the supplier for a quote. EFB-Elektronik provides a wide selection of pigtails with various connectors and fiber types, generally in the \$3–\$10 range per piece, depending on specifications. Amazon Germany shows a 48-port pigtail set priced at approximately €8.40 per unit, including VAT and delivery.

Additional Considerations

- Quality and Standards:** Industrial-grade pigtails tested to strict standards may cost more but ensure lower insertion loss and higher reliability.
- Shipping and Import Fees:** Prices can vary depending on your location and shipping method. Bulk orders may reduce shipping costs per unit.
- Custom Solutions:** Some suppliers, like EFB-Elektronik, offer custom pigtail production for specific network requirements, which can affect pricing.

In summary, expect to pay between \$2 and \$15 per fiber optic pigtail, with singlemode, longer lengths, or premium connectors at the higher end. For bulk or custom orders, contacting suppliers directly is recomme...
