

Fiji GPON Equipment 100G

Overview

OLT3710-16XG2T is a multi-service unified platform that provides XG-PON and XGS-PON access, featuring 8x 10G SFP+ and 2x 100G QSFP28 uplink ports. Each XG (S)-PON port supports the splitting ratio of 1:256, the GPON system supports up to 4096 terminal connections. 5W Without Module Use SFP28 in QSFP28 Port of Your Device Tested in Targeted Switches for Superior Performance, Quality, and Reliability Works out of the Box, No Configuration Needed Extended Temperature Range -20°C to 85°C FS BOX - Support Real-time Configuration HotPLANET GPN-100 is a GPON Optical Network Terminal (ONT) equipped with one GPON port and one Gigabit Ethernet RJ45 interface. When functioning with PLANET GPON Optical line Terminal (OLT), the GPN-100 provides highly-effective GPON solutions for FTTx and multi-service networks. The GPN-100 complies. How does 6W market outlook report help businesses in making decisions?

6W monitors the market across 60+ countries Globally, publishing an annual market outlook report that analyses trends, key drivers, Size, Volume, Revenue, opportunities, and market segments.
