

How much does cable tray trough cost in Laos

AI Overview

Cable tray prices in Laos vary depending on material, size, and type, typically ranging from \$10 to \$50 per meter for standard galvanized steel trays. Price Overview Cable trays in Laos are available in various materials including hot-dip galvanized steel, pre-galvanized steel, PVC, and fiberglass. The cost depends on the type (ladder, perforated, or solid bottom), dimensions, and thickness: Hot-dip galvanized ladder trays (standard 2.4 meters length) generally cost \$10–\$30 per meter depending on width and height. Pre-galvanized steel trays with thickness from 0.5mm to 2.5mm and widths from 50mm to 1000mm are available, with prices increasing for larger or thicker trays. PVC or fiberglass trays are also offered, often used for low-voltage or corrosive environments, and may cost slightly more due to material and manufacturing processes. Supplier Options Several suppliers and manufacturers operate in Laos: Local manufacturers provide competitive pricing and can customize trays to specific dimensions and finishes. WWCC (Watana Wire & Cable Company) offers cable trays along with wires and cables, with free shipping in Vientiane for large orders, and emphasizes ISO 9001 quality standards. B2B platforms like ExportHub, TradeKey, and Trademo list multiple Laos-based suppliers, allowing buyers to compare prices, request quotes, and order in bulk. Factors Affecting Cost Material: Steel trays are cheaper than fiberglass or PVC. Size and thickness: Wider and thicker trays cost more. Finish: Powder-coated or pre-galvanized trays are more expensive than plain steel. Quantity: Bulk orders often reduce per-meter cost. Fittings and accessories: Elbows, tees, and supports are priced per piece and add to total cost. Practical Advice For standard electrical installations, galvanized steel ladder trays are the most cost-effective. For corrosive or outdoor environments, consider PVC or fibe...
