

Huijue Fiber Optic Cable Establishment Time

AI Overview

Huijue Fiber Optic Cable was established in the early 2000s, with sources citing either 2001 or 2002. Shanghai Huijue Network Communication Equipment Co., Ltd., also known as HJ Network, is a leading manufacturer and solution provider for telecom and communication products, including fiber optic cables, FTTX systems, optical fiber components, and outdoor cabinets. According to a company profile on Made-in-China, the company was established in 2001, with its headquarters in Shanghai and a production facility in Jiangsu Province covering 50,000 square meters for metal precision production and fiber optic assembly. However, the LinkedIn company page lists the establishment year as 2002, with a headquarters area of over 18,000 square meters and a production base in Jiangsu covering 35,000 square meters. This minor discrepancy may reflect differences in official registration versus operational start. Huijue has grown to serve major telecom operators such as China Mobile, China Unicom, and China Telecom, and exports products to Europe, North America, Southeast Asia, and other regions. The company integrates R&D, production, and sales, offering modular data center solutions, intelligent cabinets, and precision fiber optic interconnect assemblies. In summary, Huijue Fiber Optic Cable was founded around 2001–2002, making it a company with over two decades of experience in the fiber optic and telecom equipment industry.

Article Content

Huijue Optical Fiber Communication Facilities

Huijue Optical Fiber Communication Facilities Established in 2001, Shanghai Huijue Network Communication Equipment Co., Ltd (HJ Network for short) is the leading manufacturer and solution

Huijue Mobile Fiber Optic Cable Project

Since its establishment in 2002, it has been dedicated to providing hardware, software, and technical services for wired and wireless transmission infrastructure network construction to domestic

Company Profile

Huijue Group has always taken the core values of "customer-centered, people-oriented, continuous innovation and achievement sharing", and has helped the green, healthy and sustainable

Huijue Optical Fiber Communication Facilities

Huijue Communication Equipment specializes in producing ODN product series, including jumperless optical cross-connect cabinets, optical fiber distribution boxes of various core counts, optical cable

Fiber Optic Manufacturer, Fibre Optic, Fiber Optic Connector Supplier ...

We are a manufacturer of fiber optic communication equipment in Shanghai China. Founded in 2000, Shanghai Huijue Network Communication Equipment Co., Ltd. is a professional hi-tech

ICT Infrastructure | Leading Network Server Cabinet, Integrated

Founded in 2002, Huijue Network is a high-tech service provider integrating intelligent network communication equipment and computer intelligent network communication system integration and

How is the Malaysian Huijue Communication Fiber Optic Cable

This guide takes you deep inside a modern fiber optic cable factory, exploring every stage of the process, the technology driving innovation, and the challenges shaping the future.
