

Malaysia FRP Trough Cable Tray Manufacturer

AI Overview

Leading FRP cable tray and trough manufacturers in Malaysia include Intralink Techno, IEP Sdn. Bhd., Fibex Composites, and MUI Fatt, offering corrosion-resistant, lightweight, and high-load solutions for industrial and infrastructure projects.

Key Manufacturers and Products

- Intralink Techno Sdn Bhd** Intralink Techno is a globally recognized manufacturer of pultruded FRP/GRP products, including the INTECH cable support system, structural profiles, gratings, and caged ladder systems. Their FRP cable trays and ladders are designed to comply with NEMA and IEC standards and are suitable for offshore, onshore, oil & gas, petrochemical, and power plant applications. Products are third-party tested and approved under ABS product type approval class 1, ensuring high reliability in corrosive and heavy-duty environments.
- IEP Sdn. Bhd.** IEP offers FRP cable ladder and tray systems for corrosive environments such as chemical plants, marine, oil & gas, and wastewater treatment facilities. Their products are tested to meet ASTM, BS, NEMA, and UL standards, providing a cost-effective and durable solution for organized cable management while maintaining safety and compliance.
- Fibex Composites** Fibex provides FRP cable trough covers and engineered solutions for precast concrete troughs. Their products are lightweight yet strong, capable of handling loads up to 90 tonnes, and are available in various sizes and BS EN 124 loading classes (A15-F900). Fibex also offers bespoke heavy-duty trough covers, open mesh grating, and precision cutting services for customized installations across Southeast Asia.
- MUI Fatt** MUI Fatt manufactures FRP cable trays and fittings that are lightweight, durable, and easy to assemble on-site without special tools. Their products are designed for high loading capacity and robustness, suitable for industrial and infrastructure projects requiring corrosion and chemical resistance.
