

Manufacturer of African electrical distribution boxes with inner doors

AI Overview

Leading manufacturers in Africa include Allbro, PPS Power, Enclosure Solutions, and Golnix, all producing electrical distribution boxes suitable for industrial and commercial use. Key Manufacturers Allbro Allbro is a major South African manufacturer of non-metallic enclosures, including distribution boxes with inner doors. They produce under brands such as York, Okari, Enlec, Utilec, PSO1, and PSO2, all manufactured locally to international standards, ensuring durability in harsh environments. Their products are widely used in industrial, commercial, and residential applications. PPS Power Process Systems (PPS) PPS is South Africa's largest reticulation enclosure manufacturer, offering electrical distribution boards, kiosks, and boxes fabricated in stainless steel, mild steel, DMC/fiberglass, or polyethylene. They manufacture to ISO 9000 standards and SABS provisions, ensuring compliance and quality. PPS can produce custom enclosures with inner doors according to OEM specifications, suitable for both large-scale projects and one-off orders. Enclosure Solutions Based in Benoni, Gauteng, Enclosure Solutions specializes in electrical enclosures and panel hardware, including custom enclosures and switchboard accessories. They provide locally produced and imported products, with prompt nationwide delivery. Their offerings include enclosures designed for Lock Out Tag Out systems, which often feature inner doors for safety and accessibility. Golnix Golnix manufactures steel, stainless steel, and galvanized kiosks, enclosures, and distribution boards, supplying across South Africa and other African countries such as Namibia, Botswana, Tanzania, Kenya, and Ghana. Their products are suitable for industrial and commercial installations and can include inner doors for secure access. Considerations for Selection Material: Choose between steel, stainless steel, f...
