

Manufacturers of high-quality Nordic mesh cable trays

AI Overview

Nordic Wire Tray and Meka are among the top Nordic manufacturers of high-quality mesh cable trays, offering durable, customizable, and easy-to-install solutions. Nordic Wire Tray (NWT) Nordic Wire Tray, formerly known as X-Tray, is a leading Nordic company specializing in wire mesh cable trays and complete cable management systems. They offer a wide range of products with customizable sizes, surface treatments, and stainless steel options, making them suitable for demanding industrial and commercial environments. Their trays are designed for fast installation, requiring minimal tools and fasteners, and can be easily cut, bent, and adapted to unique project requirements. With over 20 years of industry experience, NWT emphasizes high quality, flexibility, and cost-effective solutions. Meka Meka is another prominent Nordic manufacturer with over 40 years of experience in cable support systems. They produce galvanized steel and acid-proof steel cable ladders, wire mesh trays, and aluminum-frame systems, suitable for high-load applications and harsh environments such as pulp, paper, wood, and food industries. Meka's products are designed for durability, dust and humidity protection, and outdoor installations, making them a reliable choice for industrial projects requiring robust cable management.

Key Considerations When choosing the best Nordic mesh cable tray manufacturer, consider the following:

- Material and corrosion resistance:** Stainless steel or powder-coated trays for harsh environments.
- Customization:** Ability to tailor tray dimensions and shapes to project-specific needs.
- Ease of installation:** Fewer fasteners and tools required can save time and labor costs.
- Industry experience:** Companies with decades of experience often provide better support and product reliability.

Both Nordic Wire Tray and Meka are highly regarded in the Nordic region...
