

Mexico Fireproof Cable Tray Manufacturer

AI Overview

Top recommended manufacturers in Mexico for fireproof cable trays include SIESA, Tecnotray, and Brilltech Engineers, offering certified, durable, and customizable solutions. SIESA offers ladder-type cable trays made from fiberglass-reinforced plastic (FRP), which are non-combustible and fire-retardant, complying with ASTM E-84 and ASTM D-635 standards. Their trays feature UL certification, exceptional resistance to corrosion, UV protection, and dielectric properties, making them ideal for industrial and commercial environments. SIESA trays are lightweight, easy to install, and have a durability of up to 30 years, suitable for critical applications requiring fire safety and long-term reliability. Tecnotray is a 100% Mexican manufacturer providing a wide range of cable support systems, including mesh-type trays and hinged ducts. Their products are certified by ANCE, LAPEM, PEMEX, and UL, ensuring compliance with national and international safety standards. Tecnotray trays are made from stainless steel wire (ANSI 304), offering excellent corrosion resistance, particularly in chemical, food, and saline environments. They also provide custom colors and advanced painting technology, combining durability with aesthetic flexibility. Brilltech Engineers specializes in perforated and ladder cable trays in Mexico, offering both standard and customized solutions. Their manufacturing facilities are equipped with advanced technology, and their products meet ISO certifications and international quality standards. Brilltech trays are designed for optimal cable support, heat dissipation, and fire safety, making them suitable for industrial, automotive, and commercial projects. They also provide flexible mounting options and corrosion-resistant coatings. Additional Options Other suppliers like Jeetmull Jaichandlall (P) Ltd. provide high-quality wire mesh cable tray...
