

North Macedonia Aggregation Switch Manufacturer

AI Overview

Schneider Electric and Amphenol Technology Macedonia are key technology companies in North Macedonia that provide networking, automation, and interconnect solutions potentially including aggregation switches. Schneider Electric North Macedonia Schneider Electric operates in North Macedonia offering a wide range of industrial automation, control, and data center infrastructure solutions. Their product portfolio includes networking and digital automation devices that can serve as aggregation switches in enterprise and industrial environments. Schneider Electric also provides engineering support, system integration, and lifecycle management services, making them a strong candidate for sourcing aggregation switch solutions locally. Amphenol Technology Macedonia Amphenol Technology Macedonia, based in Kochani, is part of the global Amphenol Corporation. While primarily focused on interconnect products, fiber optic connectors, and cabling systems, their solutions support telecommunications and data communication networks, which often integrate aggregation switches as part of broader network infrastructure. They operate multiple production units for cables and antennas, serving communications and industrial markets. Local Integrators and System Providers Companies like ACE Tech specialize in assembly, automation, and turnkey solutions for industrial and automotive sectors. While not a direct manufacturer of aggregation switches, they provide customized integration and engineering services that can include networking hardware deployment and system-level solutions. Summary For aggregation switches in North Macedonia, the most relevant options include: Schneider Electric: Offers networking and automation solutions suitable for aggregation switch deployment. Amphenol Technology Macedonia: Provides interconnect and fiber opti...
