

Outdoor Waterproof Electrical Wire Distribution Box

Overview

(1) Waterproof distribution box engineered for harsh outdoor and industrial environments, providing IP65–IP68 sealing against dust, rain, and UV. (3). MAX-SHIELD DURABILITY: Built with high-impact ABS and UV-stabilized polycarbonate. Engineered to resist cracking, yellowing, and structural fatigue in extreme sub-zero or high-heat environments. IP67 WATERPROOF RATING: Precision-molded gaskets provide a vacuum-tight seal. This helps outdoor devices stay safe and work well. Whether you're illuminating your garden, powering industrial machinery, or setting up electrical systems in a marine environment, these boxes act as the first line of defense. Designed to meet NEMA and IP ratings, our waterproof junction boxes are ideal for outdoor use but versatile enough for indoor applications too. Choose from a variety of styles, including models with hinged covers, knockouts, wall-mount, or pole-mount options. Available in plastic, aluminum, and. Global Recycled Standard (GRS) certified products contain recycled content that has been independently verified at each stage of the supply chain, from the source to the final product and meet social, environmental, and chemical requirements. The purchase of Global Recycled Standard (GRS) certified.
