

Pakistan Aerial Optical Cable

Overview

PTCL Cables offer Aerial Fig-8 Optical Fiber Cables. The cable design provides easy and economical one-step installation and stable performance over a wide temperature range. The whole tensile load is borne by steel messenger wire. Optimized for high-performance data transmission, the method uses light signals to transfer data over long distances with minimum. Ultratech, a leading name in fiber optic cable manufacturing, introduces CLT (Central Loose Tube) Optical Fiber Cables—specially designed for aerial installations that reduce installation costs while ensuring maximum durability. Pakistan Telephone Cables Limited (PTCL Cables) established in 1983 and situated at 18th Mile RCD Highway, 27/3/2, Mouza Bairut, Hub Chowki, Hub, District Lasbella – Baluchistan. Installation is achieved in a single pass, making ADSS an economical and simple means of building a fiber optic network.
