

Pigtail Box Price

AI Overview

Pigtail boxes typically range from \$10 to \$50 per unit depending on type, configuration, and order quantity. Price Overview Basic indoor/outdoor pigtail boxes for FTTH networks generally start around \$10–\$20 per unit for small quantities, with prices decreasing for bulk orders. Pre-assembled splice boxes with adapters and colored pigtails, such as SC/SC 12 pigtail models, are priced around \$30–\$50 per unit, depending on specifications and supplier. Customized or OEM pigtail boxes may vary significantly in price based on design, splitter configuration, and material quality. Factory pricing can offer wholesale rates for distributors or large-scale projects.

Factors Affecting Price

Quantity: Bulk orders often reduce the per-unit cost.

Configuration: Number of ports, splitter type, and indoor/outdoor suitability influence pricing.

Customization: Custom drawings, packaging, or branding can increase costs.

Supplier Location: Prices may vary between local distributors and international manufacturers.

Where to Source

Made-in-China and Alibaba offer a wide range of pigtail boxes with competitive factory prices and bulk order options. ETC Connect provides customizable pigtail and outlet boxes with detailed specifications and installation-friendly designs. Mouser Electronics allows filtering by unit price and quantity, suitable for industrial or small-scale purchases. Reichelt Elektronik offers pre-assembled splice boxes with favorable pricing for EU customers. For the best deal, it is recommended to request quotes from multiple suppliers, compare bulk pricing, and consider shipping costs and delivery times.
