

Price List for High Voltage Intelligent Distribution Box

AI Overview

High voltage intelligent distribution boxes typically range from a few hundred to several thousand USD per unit, depending on specifications, customization, and order volume.

Pricing Overview The cost of high voltage intelligent distribution boxes varies widely based on factors such as voltage rating, amperage capacity, number of circuits, environmental protection (IP rating), and integrated smart features like remote monitoring and automation. Standard units for industrial or commercial applications generally start at \$500–\$1,500 per unit, while advanced intelligent systems with SCADA integration, protective relays, and automation can exceed \$5,000–\$10,000 per unit.

Wholesale and OEM Options For bulk orders or distributors, per-unit pricing decreases with larger volumes. Many manufacturers offer customization services, including OEM branding, modular busbar configurations, top cable entry modifications, and IP-rated enclosures. Delivery times for stock items can be as fast as next-day shipping, while custom production may take longer depending on factory capacity.

Key Considerations Affecting Price

- Voltage and current ratings:** Higher voltage and amperage units cost more due to enhanced insulation and safety requirements.
- Intelligent features:** Units with automatic switching, remote monitoring, and data analytics are priced higher than manual switch boxes.
- Environmental protection:** Outdoor-rated, weather-resistant enclosures carry a premium compared to indoor units.
- Regulatory compliance:** Certified units meeting IEC or local electrical standards may increase cost.

How to Obtain a Price List To get an accurate and up-to-date price list, it is recommended to contact suppliers directly. Leading platforms like Made-in-China, Alibaba, and Global Sources provide access to verified manufacturers and distributors who can provide custom quotes based on s...

Article Content

High Voltage Distribution Box

High voltage distribution box with anti-corrosion coating, suitable for industrial use. Average price around \$1316, available for purchase from 1 unit. Available in large volumes for verified suppliers.

Wholesale Power Distribution Boxes from Manufacturers, Power ...

Dive into our online wholesale power distribution boxes products catalog on globalsources ! Source over 58 power distribution boxes for sale from manufacturers with factory direct prices, high quality &

Electrical AC/DC Power Distribution Box & Cabinet for

Gopower is a manufacturer of industrial ac/dc electrical power distribution box/board transformer power unit. We manufacturer rtu in scada system and feeder remote
