

Price of Charging Suction Cup Distribution Box

AI Overview

Suction cup charging power banks typically range from \$25 to \$80 depending on capacity and features. Price Range and Factors

Suction cup power banks or charging boxes are available in capacities from 5,000mAh to 20,000mAh, with the 10,000–20,000mAh range being most common for reliable charging . Prices vary based on:

- Battery capacity: Higher mAh units cost more.
- Charging speed: Fast charging (PD 18W–30W or QC 3.0) increases price .
- Brand and build quality: Established brands like Anker, Mophie, or Baseus may charge a premium .
- Additional features: Anti-slip suction cups, multiple ports, or wireless charging pads can raise the cost .

Typical retail prices for consumer models are approximately:

- 5,000–10,000mAh: \$25–\$40
- 12,000–15,000mAh: \$40–\$60
- 18,000–20,000mAh: \$60–\$80

Where to Buy

- Amazon: Offers a variety of suction cup storage and charging boxes, with prices varying by size and color .
- Specialty electronics retailers: Brands like Momax provide magnetic and suction cup mounts with integrated charging, often priced higher due to fast charging and premium features .
- B2B suppliers: Alibaba and similar platforms offer bulk options for suction cup power banks, which may reduce per-unit cost for larger orders .

Additional Considerations

Suction cup performance depends on surface smoothness, temperature, and material quality . Fast charging protocols and port types (USB-C PD, USB-A, wireless) affect compatibility and price . For high-altitude or extreme temperature environments, suction cup effectiveness may vary, which can influence product choice . In summary, expect to pay between \$25 and \$80 for a consumer-grade suction cup charging box, with higher-end models offering larger capacity, faster charging, and additional features.
