

Price of fireproof aluminum cable trays in the UAE

AI Overview

Fireproof aluminum cable trays in the UAE typically range from AED 150 to AED 400 per meter, depending on size, load capacity, and fire-resistance rating. Overview Fireproof aluminum cable trays are designed to support and protect electrical cables while providing resistance to high temperatures and fire hazards. They are commonly used in industrial, commercial, and utility projects where safety and compliance with fire codes are critical. In the UAE, suppliers such as Emerald Steel Industries LLC, PSI, and Unigroup offer aluminum cable trays engineered to meet international standards like BS EN 61537 and fire-resistance certifications. Price Range Standard aluminum ladder or perforated trays: AED 150-250 per meter for light to medium duty. Heavy-duty or high fire-resistance trays: AED 300-400 per meter, depending on thickness, width, and load rating. Custom or specialized fireproof trays: Prices may exceed AED 400 per meter, especially for large-scale industrial projects or trays with additional coatings for corrosion and fire protection. Factors Affecting Price Material thickness and alloy: Thicker aluminum or specialized alloys increase cost. Tray type: Ladder, perforated, or solid-bottom trays have different manufacturing costs. Fireproof rating: Higher fire-resistance certifications or coatings raise the price. Accessories and fittings: Bends, covers, and supports add to the total cost. Supplier and project scale: Bulk orders or long-term contracts may reduce per-meter pricing. Recommended Suppliers in UAE Emerald Steel Industries LLC - Ajman, UAE; offers aluminum and stainless steel trays for industrial projects. PSI Cable Tray Systems - Dubai, UAE; provides aluminum trays compliant with BS EN 61537 and NEMA VE-1 standards. Unigroup - UAE-based manufacturer; specializes in fire-resistant and corrosion-resistant aluminum cable trays. For exact pricing, it is reco...
