

Price of square distribution box cover

AI Overview

Square distribution box covers typically range from \$2 to \$15 per piece, depending on material, size, and design. Overview of Square Distribution Box Covers Square distribution box covers are used to protect electrical connections, outlets, switches, and wire splices. They are available in metal (steel or aluminum) or plastic, with options for hinged doors, blank plates, or device-mounting covers. Covers may be surface-mounted or recessed, and some include pre-punched knockouts for wiring flexibility. They are designed for residential, commercial, and industrial applications and must comply with safety codes. Price Factors Material: Metal covers are generally more expensive than plastic due to durability and impact resistance. Steel covers may cost \$5-\$15, while plastic covers are often \$2-\$8. Size: Standard 4-inch square covers are common, but larger or deeper covers may increase the price. Design: Blank plates are cheaper, while covers with hinged doors, locks, or device-mounting features cost more. Supplier and Quantity: Wholesale purchases or bulk orders from suppliers like AliExpress or Global Sources can reduce per-unit cost. Where to Buy Raco / Hubbell: Offers durable steel and aluminum square box covers for residential and industrial use. AliExpress: Provides a wide range of plastic and metal covers, often in bulk, suitable for various electrical systems. Shilden Strut: Specializes in 4-inch square metal covers for outlets, switches, and junctions. Global Sources / Made-in-China: Wholesale suppliers for bulk orders, including OEM options. In summary, for a standard 4-inch square distribution box cover, expect to pay \$2-\$15 per piece, with metal and feature-rich designs at the higher end of the range.
