

Pricing for Network Cabinets in Data Centers

Overview

The good news is that network cabinet prices range from as low as \$100 for basic wall-mounted units to over \$3,000 for specialized outdoor models. However, understanding what drives these costs will help you make a smart buying decision. In this complete guide, we'll break down everything you need. Pricing and Offer: Hardware price range \$1,500–\$3,500 per unit for high-spec cabinets. Competitors: Schneider Electric, Vertiv, Eaton, Rittal, and Panduit. Colocation data center pricing depends on space, power, bandwidth, connectivity, redundancy, and location. In 2026, power has become the most consequential variable. 4% at year-end 2025, and pricing is increasingly. The average asking price for wholesale colocation services in primary North American markets is now about \$195. Smaller deployments and single-rack requirements often cost more per kW because they do not benefit from the same scale. The 800 mm wide rack is also available for a network cabinet. A highly engineered data center cabinet solution that.
