

Professional manufacturer of cable management racks

AI Overview

Leading manufacturers of cable management racks include Panduit, Armorduct Systems, Eaton, and Siemon, offering a wide range of standard and bespoke solutions with competitive pricing depending on specifications and volume. Key Manufacturers and Offerings Panduit provides a comprehensive selection of cabinets, racks, and enclosures for data centers and enterprise cabling, including vertical and horizontal cable management solutions. Their FlexFusion™ Cabinets support high weight loads and airflow optimization, suitable for hyperscale, edge, and multi-tenant data centers, with pricing varying by configuration and accessories (Panduit), . Armorduct Systems Ltd is a UK-based manufacturer specializing in steel cable management systems, including cable trunking, trays, baskets, floor boxes, and power tracks. They offer both standard products and bespoke solutions designed and manufactured in-house, allowing customization for specific industrial or commercial requirements (Armorduct Systems), . Eaton offers the B-Line series of cable management solutions, including metallic and non-metallic/fiberglass cable trays, wire basket systems, and cable fixing accessories. Their products cater to commercial and industrial applications, with a focus on quality, durability, and design flexibility. Pricing depends on material, size, and system complexity (Eaton), . Siemon provides racks and cable management systems for IT infrastructure, including adjustable-depth 4-post racks, 2-post racks with integrated vertical cable managers, and a variety of horizontal and vertical cable organizers. Their Value Rack System offers an economical option for smaller telecom rooms, while high-capacity racks support dense data center environments. Prices vary based on rack type, capacity, and included accessories (Siemon), . CPC UK is a distributor offering competitive prices on cable managemen...
