

Sales price of enclosed trough-type cable trays

Overview

The average cable tray price per meter ranges from \$2 to \$25, depending on material, type, size, and surface finish. □□ For bulk orders or project pricing, the cost can be significantly lower. The main cost driver is the material used in manufacturing: RSP Supply offers in-stock wiring options trough enclosures from top brands, available for same-day shipping on business days. At RSP Supply, we combine quality, convenience, and expertise to deliver the best in wire management and electrical enclosure solutions. These enclosures effectively shield cables from potential physical damage, such as impact and abrasion, while minimizing the risk of accidental contact and electrical shock. Cablofil steel trough trays provide the strength and security required when the need to limit cable access is of primary importance.
