

Singapore Cable Tray Information Price

AI Overview

Cable tray prices in Singapore vary widely depending on material, size, and duty rating, with suppliers offering options from light-duty PVC trays to heavy-duty stainless steel systems.

Key Suppliers in Singapore

- United U-Li Projects Pte Ltd:** Offers a comprehensive range of cable trays, trunkings, ladders, conduits, and fittings for industrial and commercial projects in Singapore.
- Ferrotech Far East Pte Ltd:** Supplies perforated, ladder, FRP, and wiremesh trays suitable for oil & gas, power plants, airports, shipbuilding, and other industrial applications.
- AEHub:** Provides metallic cable trays and ladders in materials such as SS304, SS316, hot-dipped galvanized, aluminum, and epoxy-coated steel. Duty ratings range from light (13mm) to heavy (100mm+) with optional covers.
- RS Components Singapore:** Offers standard industrial cable trays in steel, aluminum, and stainless steel for commercial and data center applications.

Factors Affecting Cable Tray Prices

- Material:** Stainless steel (SS304/SS316) and aluminum are more expensive than mild steel or PVC.
- Duty Rating:** Light-duty trays (13-25mm) are cheaper, while medium and heavy-duty trays (50-100mm+) cost more due to higher load capacity.
- Size and Length:** Wider and longer trays increase material costs. Standard lengths are typically 2-3 meters.
- Type:** Ladder, perforated, wire mesh, and FRP trays have different manufacturing costs. Wire mesh and FRP trays are often more expensive due to specialized fabrication.
- Accessories:** Covers, tees, elbows, joint plates, and earth links add to the total cost.

Price Estimates

While exact prices vary by supplier and project requirements, typical ranges in Singapore are:

- PVC or light-duty trays: SGD 20-50 per meter
- Mild steel or aluminum medium-duty trays: SGD 50-120 per meter
- Stainless steel heavy-duty trays: SGD 150-300+ per meter
- Wire mesh or FRP trays: SGD 200-400 per meter depending on size and coating
