

Slovenia Standard Power Distribution Box Manufacturer

AI Overview

Slovenia hosts several reputable manufacturers and suppliers of power boxes and distribution boxes, including Strela d.o.o., Max. Elektro Gorenjska, and ETI Group. Key Manufacturers and Suppliers

Strela d.o.o. specializes in the production of distribution and control boxes, creating custom solutions based on project documentation and using high-quality, certified materials, ensuring compliance with industry standards and reliability in electrical installations. Max. Elektro Gorenjska, d.d. is a prominent Slovenian manufacturer focusing on electrical distribution and power grid solutions. They provide services for connecting temporary structures to electrical networks and ensure compliance with construction regulations, making them a key player in the domestic electricity supply market. ETI Group is a global leader in electrical protection devices and also offers a range of power distribution equipment. While headquartered internationally, ETI has operations in Slovenia, providing high-quality components for industrial and commercial electrical systems.

Machine equipments lists multiple Slovenian manufacturers and suppliers of power distribution equipment, offering bulk supply, export services, and one-stop solutions for industrial and commercial applications. They are recognized for world-class equipment and reliable manufacturing standards.

Additional Notable Companies

Elektro Ljubljana, d.d.: Specializes in electricity distribution and infrastructure management, including maintenance, development, and operation of distribution systems.

Elektro energija d.o.o.: Focuses on electric power generation, transmission, and distribution, with subsidiaries operating in neighboring countries, providing both supply and management solutions.

Considerations for Selection

When choosing a manufacturer or supplier in Slovenia, consider:

Customization capabilities: Companies like Strela d.o.o.
