

Slovenian laser diode manufacturer

Overview

A Slovenian company (which is today called Fotona, d.) developed and manufactured its first lasers in 1964, just four years after the invention of the laser. Our mission is to be the center of excellence for laser diode technology and production worldwide. TRUMPF Photonics is the largest high-power. Sacher Lasertechnik is leading manufacturer of high power tunable external cavity diode lasers. Intellectual property is covered by several patent families. Products include tunable micro-external cavity diode lasers as well as in external cavity diode lasers Littman/Metcalf configuration, low. Within the product segment OEM laser solutions, we focus on developing, manufacturing and selling custom design: Our OEM laser solutions serve applications in healthcare such as laser-based therapy and diagnostics, materials processing and optical pumping.

Article Content

U.S.Lasers

US-Lasers, Inc. manufactures laser diodes, laser modules and laser products. Visible and infrared Laser Modules High and Low Power - 5mW, 10mW, 15mW, 30mW, 50mW, 200mW, for OEM's and R& D

Laser Diode Companies

Laser Diode industry insights on factors that are driving the growth of the Laser Diode Market and key players along with their go to market strategies and new revenue sources.

Slovenia Laser Diode Market (2025-2031) | Value & Companies

6Wresearch actively monitors the Slovenia Laser Diode Market and publishes its comprehensive annual report, highlighting emerging trends, growth drivers, revenue analysis, and forecast outlook. Our

Laser Diodes For Business

In case you need non-standard bulk optical systems such as collimators, beam expanders etc. we are glad to recommend the company Beamera who has a great expertise in development and

Slovenia Medical Beauty Equipment

Slovenia ADSS is a professional manufacturer of Laser Beauty Equipment, also a branded company of Slovenia Medical Beauty Equipment, Slovenia Laser Beauty Machine and Beauty Laser

Industrial Diode Laser Manufacturer | LASERLINE

Diode lasers with a blue wavelength are also used for processing non-ferrous metals. Coupled with the provision of know-how, design, individual additional

Fotonika 21

It is not widely known but Slovenia is a country with the most solid-state lasers per capita produced anywhere in the world. A Slovenian company (which is today called Fotona, d.d.) developed and

Laser Manufacturers

The leading Laser Manufacturers in Slovenia are listed in this directory. You can narrow down the list of manufacturers based on their location and capabilities, browse their product catalogs, view their

Laser Diode Manufacturers

A Laser Diode is a type of semiconductor device that produces coherent light through the process of stimulated emission. The leading manufacturers of Laser Diodes are listed below. Narrow down on

Top 13 Laser Welding Companies in Slovenia (2026) | ensun

Optotek specializes in innovative optical and laser solutions, including a range of lasers such as YAG and diode lasers, which are relevant to laser welding applications. Their focus on continuous

Top 16 Laser Manufacturing Companies in Slovenia (2026) | ensun

Optotek is a manufacturer that specializes in innovative optical and laser solutions, offering a range of products including YAG Lasers, SLT Lasers, and diode lasers, particularly for medical and

Sacher Lasertechnik Group

Laser World of Photonics 2025 Meet us at Laser World of Photonics. 24 - 27 June 2025, Booth B2/235 Sacher Lasertechnik is leading manufacturer of high power tunable external cavity diode lasers.
