

Tunisian wire mesh support price

AI Overview

Wire mesh supports in Tunisia are generally affordable, with prices varying based on material, mesh size, and customization, and can be obtained from multiple local suppliers. Overview of Wire Mesh in Tunisia Wire mesh supports are widely used in construction, industrial applications, and material handling. They are typically made from steel, stainless steel, or aluminum, offering durability, low maintenance, and long service life. Wire mesh can be rectangular, square, or customized to meet specific project requirements, and suppliers often provide tailored solutions based on mesh count, wire diameter, and chemical composition. Key Suppliers Jeetmull Jaichandlall - Recognized as one of the top woven wire mesh manufacturers and exporters in Tunisia, offering competitive pricing and global shipping. Timex Metals - Provides a wide range of wire mesh types, including ASTM and stainless steel options, with customization available for mesh size and wire diameter. Vikas Pump - Specializes in wire mesh conveyors and industrial mesh supports, offering competitive prices and technical support for installation and maintenance. Alibaba Suppliers - Some local manufacturers offer reinforcement mesh and black rebar grids with sample customization and positive reviews, suitable for construction projects. Factors Affecting Price Material Type: Stainless steel is more expensive than standard steel or aluminum. Mesh Size and Wire Diameter: Finer meshes or thicker wires increase cost. Customization: Tailored dimensions or special coatings can raise the price. Quantity and Packaging: Bulk orders may reduce unit cost, while packaging and shipping add to the total. Supplier Reputation: Established manufacturers with international export experience may charge slightly higher prices for quality assurance. How to Obtain Pricing Since prices are not standardized online, the most reliable approach is to contact suppliers directly via email or phone. Suppliers like Timex Metals and Vikas Pump provide quotes based on project specifications, ensur...
