

Turkmenistan Outdoor Distribution Box Models and Specifications

AI Overview

Outdoor distribution boxes in Turkmenistan include JP series integrated power boxes and various fiber optic enclosures with IP65–IP68 protection, suitable for electrical and telecom applications.

Electrical Distribution Boxes
JP Outdoor Integrated Distribution Box
Manufacturer: Gongshun Electric Co.
Functionality: Multi-function integrated metering, outlet, reactive power compensation, short circuit, overload, overvoltage, and leakage protection.
Design: Compact, aesthetically appealing, and economical.
Installation: Pole-mounted for urban and rural power grid transformation.
Applications: Ideal for outdoor power distribution in residential and industrial areas.

Custom Power Distribution Boxes
Manufacturer: TZR Metal
Materials: Stainless steel, aluminum, or steel with weather-resistant coatings.
Protection: Outdoor-rated enclosures with IP65 or higher.
Features: Wall-mounted, floor-standing, or custom dimensions; specialized compartments; easy maintenance access.
Manufacturing: Advanced sheet metal fabrication, laser cutting, welding, and surface finishing for durability and precision.

Fiber Optic Distribution Boxes
TSM Distribution Box
Material: UV-resistant plastic or metal.
Protection: IP65, dust-tight and water-resistant.
Features: High port density, swing-out frame for full access, versatile aerial and wall mounting.
Applications: FTTH neighborhood hubs, local convergence points, CATV networks.

GHT Distribution Box
Material: Corrosion-resistant metals or advanced plastics.
Protection: High-capacity central distribution with scalability for future expansion.
Applications: Central fiber distribution points requiring high fiber counts.

GHE Distribution Box
Protection: IP68, suitable for extreme conditions including submersion.
Features: Pressure equalization to prevent condensation, extended life in harsh climates.
Applications: Coastal, industrial, or flood-prone area...
