

Which Norwegian fireproof cable tray manufacturer is the best

AI Overview

Ogleaend System is widely regarded as Norway's leading manufacturer of fireproof cable trays, offering high-quality, internationally certified solutions. Ogleaend System was founded in 1977 in Sandnes, Norway. Ogleaend System has established itself as a global leader in multidiscipline support systems, including cable trays and ladders. The company is now part of the Hilti Group, known for its high-quality construction tools and fasteners, which reinforces its reputation for reliability and innovation. Ogleaend System operates factories in Norway, Malaysia, and China, ensuring robust production capacity and global supply chain efficiency. Key advantages: Fireproof and high-quality cable trays suitable for oil & gas, shipbuilding, wind energy, infrastructure, and marine farming. MultiGrid® installation system reduces project costs by up to 30% through optimized weight, installation time, and engineering coordination. Strong focus on safety, durability, and compliance with international standards. Extensive global support network with local stock and fast delivery options. Nordic Wire Tray Nordic Wire Tray (NWT) is another reputable Norwegian manufacturer specializing in wire trays and cable management systems. With over 20 years of experience, NWT emphasizes customization, flexibility, and high-quality installation solutions. Their X-Tray product line offers strong, cost-effective, and easy-to-install cable trays, including stainless steel options suitable for demanding environments. Key advantages: Customizable solutions for unique project requirements. High-quality materials and long-lasting durability. Efficient installation with fewer fasteners and simplified assembly. Strong focus on service and project-specific support. Recommendation For large-scale industrial projects requiring certified fireproof cable trays with global support, Ogleaend System is generally considered th...
