

Wholesale Prices of Home Electrical Distribution Boxes in Asia

AI Overview

Wholesale prices for home electrical distribution boxes in Asia typically range from \$5 to \$50 per unit, depending on specifications, materials, and order volume.

Price Overview Wholesale distribution boxes in Asia are primarily sourced from China, India, and Korea, with China being the largest supplier. Prices vary based on factors such as:

- Material:** Plastic (flame-retardant PC) boxes are generally cheaper, while metal or IP-rated enclosures cost more.
- Size and capacity:** Small 12–24 way residential boxes are priced lower, whereas larger multi-circuit panels are more expensive.
- Features:** Boxes with overload protection, short circuit protection, or smart monitoring capabilities command higher prices.
- Customization:** OEM branding, logo embossing, and custom busbar configurations can increase unit cost.

Typical wholesale price ranges are:

- Basic plastic residential boxes: \$5–\$15 per unit
- Mid-range boxes with circuit breakers or modular panels: \$15–\$30 per unit
- High-end or smart distribution boxes: \$30–\$50 per unit

Suppliers and Sourcing

- China:** Major manufacturers like Delixi Group and Kingsun offer bulk orders with competitive pricing and customization options.
- India and Korea:** Verified wholesalers on platforms like Global Sources provide factory prices for standard and specialized distribution boxes.
- Online B2B platforms:** Alibaba and Made-in-China list hundreds of suppliers with per-unit pricing, MOQ (minimum order quantity), and shipping options.

Ordering Considerations

- Bulk discounts:** Larger orders significantly reduce per-unit cost.
- Shipping and lead time:** Standard stock items may ship quickly, while custom orders require longer production times.
- Certifications:** Look for ROHS, IEC, SONCAP, or BS standards to ensure compliance with safety regulations.

Conclusion For businesses sourcing home electrical distribution boxes in Asia, China remains the most cost-effective and diver...
